**Swarnandhra college of engineering and technology**|Narsapur, Andhra Pradesh

Bachelor of technology | 04/2025 |8.81 CGPA

**Tirumala junior kalasala**|rajahmundry, Andhra Pradesh

MPC | 06/2021 | 94.7%

**Bhashyam E.M High School**|Tuni, Andhra Pradesh

SSC | 09/2019 | 9.8 CGPA

### Technical skills:

**Languages:** Python, JavaScript, Java ,SQL.

**Frontend:** React, Angular,HTML5, CSS3, WebComponents.

**Backend:** Node.js, Flask, Express.js

**Cloud & DevOps:** Google Cloud Platform (GCP)

**Data Science & Machine Learning:** Scikit-learn, Data preprocessing, Model building.

**Tools:** Microsoft Excel (Pivot Tables, VLOOKUP, basic formulas),Git.

### Experience:

Role: FULL STACK DEVELOPER

Vjtha learning website

- As the part of this website, we simply manipulate changes to that website and provide look and feel of website.
- We developed the website to wish yourselves for any rituals and festivals to your family.
- As part of this we made very simple changes for all this code in website.

## **Projects:**

### **CROP YIELD PREDICTION:       python,sklearn ,jupyter, Numpy,pandas**

By using Machine Learning models created a random forest regressor model to predict the crop yields based on the parameters like Humidity, Temperature, Soil moisture etc we specified.

### **ONLINE FEE PAYMENT SYSTEM FOR COLLEGE: Java, JSP, servlet, SQL, HTML, CSS, JS**

Developed a secure web-based Online Fee Payment portal using Java Servlets and JSP. Integrated backend SQL database for transaction management and record keeping. Implemented authentication features for parents and students, enabling monitoring of attendance and funds usage

## **Certifications:**

Certified in Programming in Java by Nptel.

Certified in AWS Academy Graduate-AWS Cloud Foundations by AWS Academy.

Certified in AI-ML by AWS Academy.

Certified in JAVA Full Stack by Eduskills Academy.

Certified in Data-Structures using java by NPTEL.
